Republic of the Philippines
Department of Education

MESSAGE TO THE TEACHERS

The Department of Education (DepEd) distributed new textbooks and teacher's manuals (TXs and TMs) for English Grades 1 to 6 for elementary public schools nationwide in 2008. These TXs and TMs passed the four areas of content evaluation and were reviewed by an Editorial Board prior to mass printing. However, feedbacks from stakeholders and users necessitate the issuance of this *Teaching Notes*.

This *Teaching Notes* is the summary of feedbacks from concerned private individuals, DepEd reviewers, and the authors / editors, in cases where their inputs were necessary. This is provided as your guide in improving conceptual development and organization of the lessons and in correcting errors that may be in the textbooks you are using.

The *Teaching Notes* is user-friendly since it is organized by grade level, it contains the page numbers and the specific part on the page where the recommended revisions are needed, and, more importantly, the revisions are very specific.

We hope that the *Teaching Notes* will not only serve as your guide, but will also serve as a challenge for you to be more critical of the contents of the textbooks you use. We invite you to inform the DepEd of your comments and recommendations on all the instructional materials the Department has provided to your schools.

Let us work together for the good of the schoolchildren under our care.

VILMA L. LABRADOR
Undersecretary
