

SEP 19 2007

DepED MEMORANDUM
No. 375, s. 2007

SUPPORT FOR THE 2007 EXPANDED UNIVERSAL MEDICAL AND DENTAL
CHECK UP (E-UMDC)

To: Regional Directors
Schools Division/City Superintendents

1. This serves to reiterate the following expected roles and responsibilities of Adopt-A-School Program Coordinators (Region and Division) in the implementation of the 2007 E-UMDC as agreed upon during the National Workshops held in Baguio and Cebu City last June 2007:
 - a. provide leadership in advocacy activities of the E-UMDC program to ensure awareness and maximum participation of stakeholders, such as private and public health professionals, in respective areas;
 - b. identify, engage, and involve public and private sector partners in the implementation of the E-UMDC project;
 - c. tap potential sources of funds to augment limited DepED budget for E-UMDC such as LGU (SEF) and other private sources to cover medical/dental supplies as well as other expenses needed in the implementation;
 - d. regularly update and coordinate with the Central Office regarding the status of the implementation of the E-UMDC project;
 - e. monitor the participation of private medical and dental professionals in the E-UMDC; and
 - f. facilitate the processing and availment of tax incentives by private medical and dental practitioners who rendered volunteer services for E-UMDC.

2. All coordinators are likewise enjoined to ensure that administrative and financial support needed in the successful implementation of the project is put in place. This can be done by making sure that the 10% of the total DepED division budget allocated for School Health and Nutrition Center (SHNC) activities are being used for transportation allowance, supplies, and other expenses of SHNC personnel in relation to E-UMDC.

3. Private sector participation in the E-UMDC project include: professional services of doctors, dentists, nurses, and other health care practitioners, donations of medicines, eyeglasses and other medical and dental supplies, and provision of other health interventions. All these should be reported to the ASP National Secretariat.

4. Enclosed are directories of local chapters of the different partner organizations of the Department. Please get in touch with these partners to discuss possible areas of engagements. All engagements should be reported to the Adopt-A-School Program National Secretariat at the Central Office.

5. Since the E-UMDC is a priority project of the Department as mandated by Executive Order 595 also known as the Health Education Reform Order (HERO), all ASP Coordinators are enjoined to extend maximum support to its efficient and effective implementation. Full implementation of the X-UMDC in their respective areas will be credited to their overall achievement and should therefore be part of their annual accomplishment reports as Adopt-A-School Coordinators.

6. To ensure that efforts are recognized, a search for outstanding E-UMDC implementers will be conducted at the regional and division levels. Schools, divisions, and regions that exemplified outstanding performance will be given awards and incentives based on these criteria: number of pupils covered, number of private sector volunteers, value or amount of volunteer services and medical/dental supplies generated, and best practices in E-UMDC implementation. Hence, all are enjoined to do comprehensive documentation of X-UMDC implementation in respective schools/divisions/regions since this will serve as basis for judging the winners.

7. Immediate dissemination of this Memorandum is desired.

RAMON C. BACANI
Undersecretary
