DepEd MEMORANDUM No. 377 , s. 2010 SEP 0 3 2010

PREVENTING DENGUE H-FEVER IN SCHOOLS

To: Undersecretaries
Assistant Secretaries
Bureau Directors
Regional Directors
Schools Division/City Superintendents
Heads, Public and Private Elementary and Secondary Schools

- 1. The Department of Education (DepEd) unequivocally supports the anti-dengue campaign being waged by the Department of Health (DOH). As of August 24, 2010, a total number of 1,832 dengue cases marked by 56 deaths have been reported by the schools nationwide. In the face of this alarming development, this Department deems it urgent to swing into action to address this menace, and thus reiterates DepEd Memorandum No. 252, s. 2009 and other previous memoranda to protect the school populace from the daybiting "aedes aegypti" mosquito, which proliferates at a fast rate during the rainy months.
- 2. School officials are hereby enjoined to mobilize all school personnel to disseminate information on the prevention and control of Dengue H-Fever. Close collaboration should be made with the Parents-Teachers-Community Associations (PTCAs), Local Government Units (LGUs), and municipal health offices on the following:
 - a. information campaign against Dengue H-Fever;
 - b. maintenance of environmental sanitation in the schools and in the communities;
 - c. referral of pupils/students/personnel with symptoms of Dengue H-Fever; and
 - d. dissemination of guidelines on the implementation of the Preventive Alert System in Schools (PASS) be given emphasis.
- 3. The DOH flyer entitled "Puksain ang Kiti-Kiti, Sugpuin Ang Dengue" on Dengue H-Fever is enclosed.

4. Immediate dissemination of this Memorandum is desired.

BR. ARMIN A. LUISTRO FSC

Secretary

Encl.: As stated
