DECS O R D E R  
No. 56, s. 1995

REVIVING AND RECONSTITUTING THE CALAMITY AND DISASTER  
CONTROL GROUP (CDCG)

To: Undersecretaries  
Assistant Secretaries  
Bureau Directors  
Regional Directors  
Schools Superintendents  
Presidents, State Colleges and Universities  
Vocational School Superintendents/Administrators  
School Principals

1. The Calamity and Disaster Control Group (CDCG) created in DECS Order No. 61, s. 1990 is hereby revived and reconstituted to insure adequate preparation in coping with various forms of disasters and calamities. The groups which shall be established from existing personnel and resources shall be under the functional direction of the Office of the Secretary thru the Assistant Secretary for Administration, who is hereby assigned as Chief, Calamity Disaster Control Group and Mr. Delfin D. Fernandez as the Deputy. A similar Calamity and Disaster Control Group shall be established in each school and office in the regions as well as in all bureaus and centers in the Central Office and attached agencies with the head of the office/school or his representative as the Disaster Control Officer.

2. The organizational structure of CDCG and the functions of the different action units are indicated in Inclosure No. 1 and Inclosure No. 2, respectively. To ensure effective coordination and implementation, a flow chart is attached as Inclosure No. 3.

3. A list of all designated calamity and disaster control officers and their staff shall be submitted to the Office of Assistant Secretary Reno A. Capinpin not later than September 30, 1995.

4. For the information and compliance of all concerned.

  
RICARDO T. GLORIA  
Secretary

CONTROL GROUP ORGANIZATIONAL CHART

(Inclosure No. 2 to DECS Order No. 56, s. 1995)

#### FUNCTIONS OF THE DIFFERENT ACTION UNITS

1. Chief, Calamity and Disaster Control Group:  
Atty. Reno A. Capinpin, Asst. Secretary for Administration
  - a. Advises the Secretary or the head of the office/institution on the current status of the crisis as well as on the programs and operations undertaken by the Group to meet any problem arising from the crisis.
  - b. Establishes policy guidelines covering the emergency operations of the different action units.
  - c. Sets priorities in the allocation of services as well as resources.
  - d. Advises the leaders of the different action units of the Group in accordance with the information given by the Intelligence and Analysis Officer.
  - e. Monitor to the Secretary or to the head of the office/institution the suspension of offices and/or classes on the basis of the information gathered.
  - f. Coordinates the activities and functions of the various action units of the Calamity and Disaster Control Group.
  - g. Convenes and presides over the meeting of the action units.
  
2. Intelligence and Disaster Analysis Officer:  
Mr. George Garma, Chief, Employees Benefits Division  
Organization Involved: Security Service Unit and Blue Guards
  - a. Evaluates crises situations and determines courses of actions to be followed, and formulate guidelines in assessing the situation.
  - b. Assesses information and advises the Chief of the Calamity and Disaster Control Group on possible measures to be undertaken in order to lessen the effect of the crisis.
  - c. Submits recommendations for allocation of needed resources.
  - d. Coordinates the plans and action of the Group with the proper authorities whenever a crisis occurs.

- a. Removes victims and casualties from areas likely to be affected or are being affected by the crisis.
- b. Undertakes emergency repair of damaged structures, utilities and facilities.
- c. Evacuates students, personnel and properties systematically in case a crisis arises.

Organization Involved: Physical Facilities Division/General Services Division and Cash Division

5. Rescue, Engineering and Evacuation Officer:  
Engr. Celso D. Calinisan

- a. Operates and maintains continuing and reliable communications and adequate warning system throughout the period of the crisis.
- b. Alerts students and personnel whenever there is a crisis
- c. Develops an effective warning system in the office/school.

Organization Involved: Technical Service/Radio or Audio Visual Department.

4. Communication and Warning Officer:  
Dr. Ma. Lourdes Macatangay, Director III, OIC, Technical Service

- a. Determines courses of action to be taken based on the recommendations of the Intelligence and Disaster Analysis Officer.
- b. Determines the type of action units to be utilized whenever there is a crisis.
- c. Maintains and/or supervises programs of operations and determines the necessity of utilizing additional action units.
- d. Coordinates with the Intelligence and Analysis Officer the operations being undertaken and those to be implemented.

Organization Involved: Administrative Service and Employees Union

3. Plans and Operations Officer:  
Mr. Maximo C. Aljibe, Director III, Administrative Service

- b. Assist the Salvage Unit in safeguarding classified documents.
- a. Provides physical security measures to personnel and documents.

Organization Involved: Records Division

Mr. Reynaldo Belido, Records Officer V

8.

- e. Provides for the movement of rescue teams and equipment, rescued persons, medical teams, casualties, utility crew and other action units.
- d. Undertakes immediate survey of disaster areas and makes a list of victims and damaged properties.
- c. Supervises the operation of different relief agencies.
- b. Provides relief supplies to affected individuals.
- a. Sets up guidelines or procedures to facilitate the provision of relief assistance to disaster victims.

Organization Involved: Property Division

Mr. Emiliano Gonzalez, Supply Officer V

7.

- e. Insures that the conditions of resources in rehabilitation centers are sanitary and in order.
- d. Provides first aid services to casualties of calamities and disasters.
- c. Minimizes casualties through proper information and mobilization of medical resources.
- b. Preserves life through proper medical aid and provision of medical facilities.
- a. Protects the lives of students and office personnel through health and medical care.

Organization Involved: Medical and Dental Unit

Dra. Cristina T. Facitcador, Chief, Medical Unit

5.

Health Officer:

- c. If the fire can no longer be controlled by fire extinguishers and other practical means, the members shall endeavor to prevent the spread of fire by shutting all windows, doors, and ventilators, and switching off all electrical breakers or switches in the building until the arrival of firemen and fire fighting apparatus from the local fire department. The group shall immediately relinquish its job to the regular firemen.
- d. Upon discovery of the fire inside the building or any part thereof, every member of the group shall immediately take the nearest fire extinguisher in the building and use it to put out the fire. If a fire extinguisher is not available, the members shall use any practical means of putting about the fire, such as soaking jute sacks with water and spreading them over the fire, or using water buckets.
- e. Set off the fire alarm. It shall be the first group in the organization to move and take the necessary action in case of fire.

Organization Involved: General Services Division and Security Unit

11. Fire Fighting Officer:

Mr. Edgardo Meneses

- a. Coordinates with the intelligence community matters related to the enhancement of the security of personnel and students.
- b. Conducts ocular surveillance of affected areas during the duration of the crisis.

Mr. Antonio Limag

- a. Provides for personnel and vehicle movement control.
- b. Maintains a guarding system for personnel, materials, and installations.

Organization Involved: Security Unit

9. Physical Security Unit:

Mr. Pablo Cay, Security Officer IV

Duties of the different Disaster Control Groups in Case of

Fires:

The Fire Fighting Group

1. At the outbreak of fire, and upon instruction from the Fire Safety Official, the members of the evacuation group shall immediately establish an evacuation area and take charge of evacuation the following in the order of priority:
  - a) Occupants of the building, specially the injured;
  - b) Valuable documents and records of the Office;
  - c) Personal belongings of employees;
  - d) Office equipment and other movable facilities.

2. In the process of evacuating the occupants of the building, members of the evacuating group shall maintain order and take control of their assigned FIRE EXIT to avoid crowding and confusion of other occupants. Fast and orderly movement towards the fire exit must be achieved.

The First Aid group

1. Establish a first aid station not far from the fire scene;
2. Attend to injured persons brought to the first aid station by the evacuation group;
3. Assist in the transporting of injured personnel to the nearest hospital, using any available means of transportation;
4. Maintain a record of all persons treated at the first aid station during the fire.

The Security Group

1. Open all exits;
2. Sub-group 1 shall be assigned to the fire scene to prevent looting and apprehend looters;
3. Sub-group 2 shall be assigned to the evacuation area to secure the properties evacuated there;
4. Properties brought to the evacuation area shall be stored separately to avoid delay in releasing them to their respective owners after the fire. For this purpose, the members of the evacuation and security groups shall coordinate with each other to avoid confusion afterwards.

1. Report all casualties. The list should be submitted to the Fire Safety Official who shall in turn submit it to the Committee Chairman for proper accounting of personnel;
2. Inform families of the casualties;
3. Return, make an inventory and replenish contents of the kits.

The First Aid Group

1. See to it that all evacuated equipment and documents are returned to their respective sections;
2. Request all workgroups to make an inventory of the returned equipment/documents.
3. Consolidate all the inventories prepared by the workgroups and prepare a report of the losses/damaged equipment/documents to be submitted to the Fire Safety Official who shall in turn submit it to the Committee Chairman.

The Evacuation Group

1. Repair/replace all damaged fire fighting equipment;
2. Return and make an inventory of all the fire fighting equipment;
3. Refill of all fire extinguishers;
4. Assess the extent of the damage cause by the fire;
5. Prepare a report of the damage.

The Fire Fighting Group

WHAT SHOULD BE DONE AFTER A FIRE

1. Immediately call the nearest Fire Station and other Fire Departments;
2. Inform top officials of the Department about the fire;
3. Alert other employees in case evacuation is necessary;
4. Avail of any vehicle to go to the fire and police stations while the other members of the group are calling up the fire/police stations.

The Communications Group

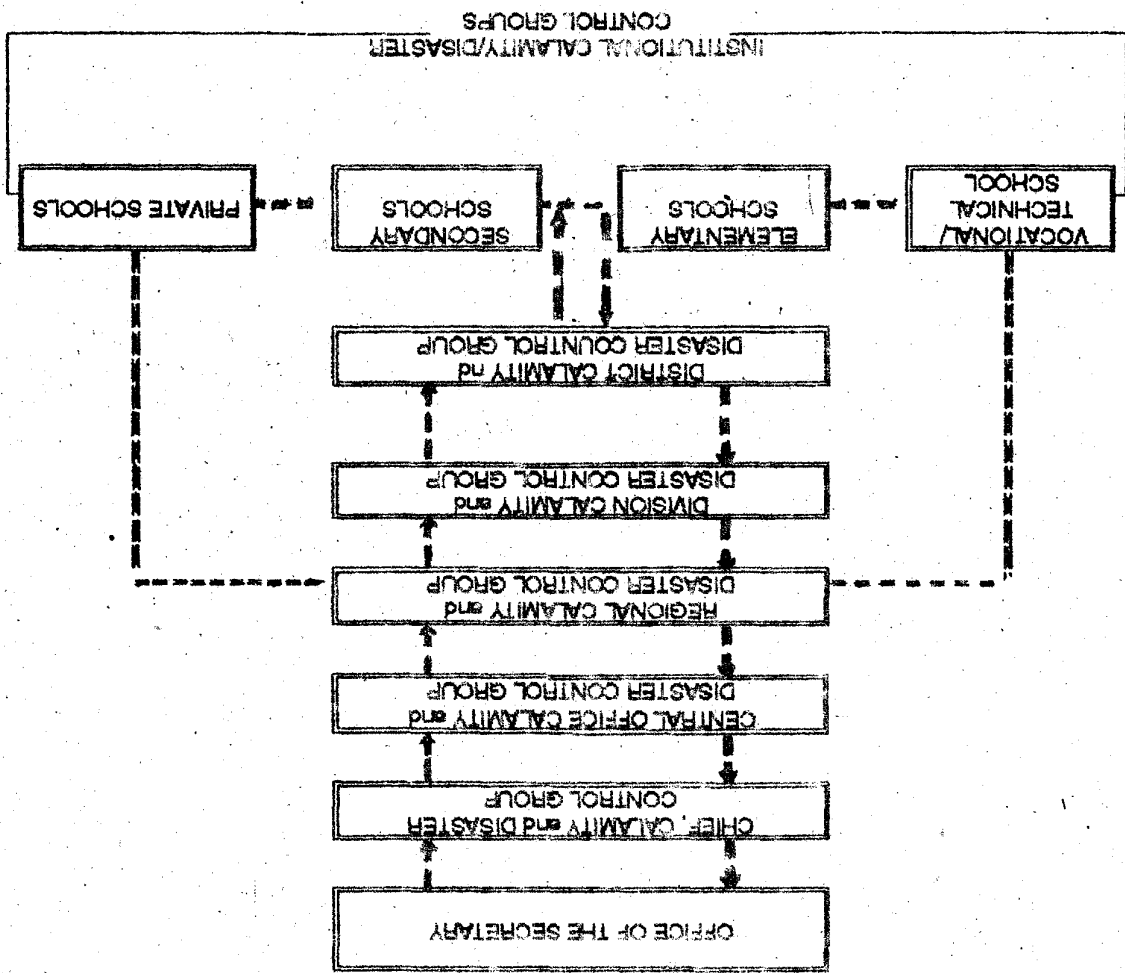

The Security Group

1. Stand by in the evacuation area until all evacuated materials/equipment are returned to their respective sections;

2. Organize cleaning of debris.

The Communications Group should prepare thank you letters to all who helped.
