INTERNATIONAL CONFERENCE ON BIODIVERSITY AND CLIMATE CHANGE 2018
OF THE MISAMIS UNIVERSITY

The Misamis University (MU) will conduct the International Conference on Biodiversity and Climate Change 2018 from August 8 to 10, 2018 at the MU Auditorium, Misamis University, H.T. Feliciano St., Ozamis City.

The conference aims to enable the participants to:

1. recognize the current biodiversity status climate change;
2. recognize the ethical, legal and political challenges with biodiversity and climate change;
3. identify adaptation strategies, policies, best practices, extension works, and innovations for disaster risk management in building climate change resiliency;
4. report and share their research and other works on biodiversity and climate change of the experts, researchers, practitioners, academicians, government officials, students, civic organizations, and other stakeholders; and
5. create an annual platform that allows them to discuss and question for better understanding of the global challenges with biodiversity and climate change.

Participation of public and private schools shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith.
