ANDROMEDA ASTRONOMY EVENT

The Andromeda Mobile Planetarium will conduct the Andromeda Astronomy Event 2018 in public and private schools nationwide. This is a series of school-based activities on strategic individual development in Science.

The activity aims to:

1. promote Astronomy awareness among learners and the general public;
2. update teachers on trends related to Astronomy;
3. implement fun, interactive, and educational activities, which would serve as helpful discussion starters and teaching tools;
4. aid teachers in stimulating and sustaining the interest of the learners using visual presentations and simulations; and
5. empower the learners to understand astronomical ideas and events, and make them realize the impact of astronomy and other scientific fields in their daily life, and in achieving a more peaceful society.

Participation of public and private schools shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith and the policy on off-campus activities stated in DepEd Order No. 66, s. 2017 entitled Implementing Guidelines on the Conduct of Off-campus Activities. This is also subject to the no-collection policy as stated in Section 3 of Republic Act No. 5546 also known as An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges and Universities (Ganzon Law).
