Greetings and Good day!

The Department of Health – Regional Office III will conduct a **Consultative Meeting on the Integration of Malaria into the School Curriculum on April 19-20, 2017 at Subic Bay Travelers Hotel, Subic Bay Freeport Zone.** This aims towards maintaining future generations of malaria-aware populations to have them know and understand the disease at an early age through a formalized, structured system by integrating the subject into their curriculum.

Meals and accommodation will be charged against DOH-RO3 Malaria Control and Elimination Program fund while transportation cost and per diem shall be borne by the sending agency.
