MALCOLM S. GARMA, CESO V

Director III, Officer-in-charge
Office of the Regional Director
Department of Education Regional Office III
Government Center, Maimpis
City of San Fernando, Pampanga

Dear Dr. Garma:

One of the main advocacies of the Department of Science and Technology is to provide scholarship to the Filipino youth for better opportunities and brighter future of their personal life and of our nation. Scholarship grants are to be given by Philippine Science High School which promotes science, technology, engineering, and math tracks.

In line with this, I would like to ask for your permission to campaign through caravan to all private and public schools in the entire Region III for the National Competitive Examination. This aims to promote and invite students to be potential scholars of our country, giving them more opportunities to widen their knowledge and hone their skills.

I am hoping for your favourable response on this matter. Thank you very much.

Respectfully yours,

Aries N. Oliveros
OIC-Campus Director
