2010 BATTLE OF THE ICT WIZARDS

The Computer Assisted Learning (CAL) will conduct a competition on ICT with the theme, "*Green ITI Technology for an Eco-Friendly Society*". The theme coincides with the worldwide efforts of corporations, institutions and organizations to take part in efforts to live in a more co-friendly world.

The objectives of this competition are to:

- a. hone students' IT skills and give them the opportunity to actively use their technical skills and knowledge in a cause that is not only timely but truly significant; and
- b. give them opportunity to level themselves up to get the approval of prestigious brands as contest categories will be sponsored and supported by different multinational companies that promote environmental awareness.

The competition will be conducted on two (2) legs in Luzon (October), one (1) in Visayas (November) and two (2) in Mindanao (January 2011). The activity will commence in October 2010. The final competition and awarding will take place in Manila, February 2011.

This is open to all elementary and high school students both from private and public schools.

For more information, contact the CAL at cellphone no.: 0915-943-2731 or telephone no.: (02) 706-5478.
