TRAINING-WORKSHOP ON ROBOTICS IN FOCUS

The Educational Production Management Services (EPMS) will conduct the Training-Workshop entitled "Robotics in Focus" in secondary schools.

The activity aims to:

- a. provide the student/teacher-participants with the new learning experience to enhance the teaching-learning process through the use of modern technology and to become globally competitive;
- b. provide the participants with a wider horizon on application of technology to research;
- c. develop the teachers' competence in teaching robotics; and
- d. enhance and discover their new talents in the field of robotics.

The target participants to this activity are students and teachers from both public and private schools.

For more information, interested teachers and students may contact:
