#### THE BIBLE MUSEUM

The Philippine Bible Society (PBS) invites the public to visit and experience the country's first-ever *Bible Museum* located at the 2<sup>nd</sup> floor of the PBS facilities.

The Bible Museum was established by the Philippine Bible Society as a response to the challenge of making the Bible alive, inspiring love for the Bible and promoting its timeless principles for right and purposeful living.

At the Museum, guests can view a replica of the Qumran cave, an archeological site located in Israel's West Bank where the famous Dead Sea scrolls were discovered in 1947-1956. On display, among other things, are the oldest, biggest and smallest Bibles that exists in the Philippines today and a life-sized figure of the Apostle Paul writing his letters of instruction to the early Christians. For a more inter-active experience, a costume-play area is available for guests where they can dress up like the Bible characters and pose for photographs.

For more information, interested individuals may contact or visit:
