2012 ASTRONOMY FAIR

The Pyxis Astronomy Company will conduct its *2012 Astronomy Fair*.

The Fair aims to:

1. broaden the awareness, interests, knowledge and understanding of astronomy and space science among students and teachers; and
2. provide a unique learning experience which will hopefully inspire more students to become scientists in the future.

The target participants to this activity are pupils, students and teachers from both public and private elementary and secondary schools.

Participation of both public and private schools shall be subject to the no-disruption-of-classes policy as stipulated in DepEd Order No. 9, s. 2005 entitled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*. This is also subject to the no-collection policy as stated in Section 3 of Republic Act No. 5546, *An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges and Universities*. (Ganzon Law)
