INVITATION TO THE 2014 INTERNATIONAL BIOLOGY OLYMPIAD (IBO)

The Organizing Committee of the 25th International Biology Olympiad (IBO) invites representatives from the Philippines as observer in the 2014 IBO from July 5 to 13, 2014 in Bali, Indonesia.

The IBO is a competition which will challenge and stimulate gifted secondary students and promote their career as scientists in Biology.

The Competition aims to:

1. stimulate active interest in biological studies by the creative solution of biological problems;
2. promote exchange of ideas and materials about Biology education;
3. promote regular international contacts between Biology students;
4. establish friendly relations among young people from different countries; and
5. stimulate cooperation and understanding between nations.

The observers should be at the level of an expert in Biology (preferably a doctoral degree holder or equivalent in experience) and at the same time can provide direction for the Department of Education (DepEd) and be able to tap funding resources in order to become a participating member country of the said international event.

More information may be inquired from:

Dr. Agus Dana Permana

Chairperson, 2014 International Biology Olympiad (IBO)
