DEVELOPMENTAL-NATIONAL COMPETENCY-BASED TEACHER STANDARDS
(D-NCBTS) RESEARCH PROJECT OF THE PHILIPPINE NATIONAL
RESEARCH CENTER FOR TEACHERS QUALITY

The Philippine National Research Center for Teacher Quality (PNRCTQ) will conduct a research project on Developmental-National Competency-Based Teacher Standards (D-NCBTS) through national focus group workshops.

The Project aims to enhance the current set of professional standards for teacher and link it with the K to 12 Basic Education Program of the Department of Education (DepEd) to address the different stages of teachers' professional practice.

The national focus group workshops aim to gather the perspectives of teachers, supervisors, school principals, and other stakeholders to help inform the current work on teacher standards in the country. The research team will conduct the workshops and other related activities across the 17 DepEd regions from February to April 2015.

The participants in this research project include regional directors, schools division superintendents, supervisors, school principals, teachers, and other stakeholders of the DepEd.

Participation of both public and private schools shall be subject to the *no-disruption-of-classes policy* stipulated in DepEd Order No. 9, s. 2005 entitled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*.
