The Competitions aim to:

1. provide the Filipino student-participants with appropriate venues to enhance their skills through the participation in the international Mathematics, Science and Sudoku competitions;
2. develop their Mathematics and Science potentials to meet the international Mathematics and Science standards;
3. prove to other participants that they can stand at par with the world's best in Mathematics and Science; and
4. promote the Filipino culture and heritage to the world's youths.

The target participants are students or trainers who underwent the series of training programs which culminated in the month-long 2015 Mathematical Olympiad Summer Training Program held at the Philippine Institute of Quezon City.

Participation of both public and private schools shall be subject to the *no-disruption-of-classes policy* stipulated in DepEd Order No. 9, s. 2005 entitled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*.
