

DepED MEMORANDUM  
No. 290, s. 2006

JUL 28 2006

PREVENTING H-FEVER IN SCHOOLS

To: Bureau Directors  
Regional Directors  
Directors of Services, Centers and Heads of Units  
Schools Division/City Superintendents  
Heads, Public and Private Elementary and Secondary Schools

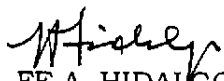

1. The latest result of the Weekly Disease Surveillance Report from the Department of Health (DOH) shows that Dengue H-Fever remained to be number two (2) from among the list of reportable diseases. In light of this situation, this Memorandum is issued to reiterate and reinforce DECS Memorandum No. 91, s. 2001 and DepED Memorandum No. 227, s. 2005 to protect the school populace from this threatening disease especially during rainy seasons when *Aedes aegypti* mosquito, the transmitter of the disease, proliferates rapidly.

2. School officials are hereby instructed to mobilize school health and nutrition personnel to disseminate information on the prevention and control of Dengue H-Fever. Close collaboration should be made with the Parents-Teachers-Community Associations (PTCAs), Local Government Units (LGUs), Municipal Health Officers (MHOs) on:

- a. referral of pupils/students/teachers with fever and those who are suffering or might be experiencing symptoms of Dengue H-Fever;
- b. delineation of responsibilities between and among the agencies;
- c. maintenance of environmental sanitation in the schools and in the communities; and
- d. information on and educational campaign against Dengue H-Fever.

3. Enclosed is an information sheet on Dengue H-Fever.

4. Immediate dissemination of this Memorandum is desired.
