DepED MEMORANDUM
No. 112 s. 2008

ENRICHING SCIENCE EDUCATION THROUGH THE PROGRAMS
AND ACTIVITIES OF MAD SCIENCE PHILIPPINES

To: Regional Directors
Schools Division/City Superintendents
Heads, Public and Private Elementary and Secondary Schools

1. An active scientific community is critical to a country's economic competitiveness. Early science education for young schoolchildren, therefore, is significant in ensuring future scientific community that can sustain the nation's growth and development.
2. Towards this end, Mad Science is on a mission to spark the imagination and curiosity of children by providing them with fun, interactive and educational programs that instill a clear understanding of what science is really about and how it affects their world. It is the world's leading science enrichment provider, delivering exciting and hands-on science experiences to over 4.8 million 3-12 years old children annually around the world.
3. Mad Science offers a large selection of after-school, summer and preschool programs, as well as in-class workshops. Activities are developed by a professional team of educators, scientists and entertainers to ensure that they are entertaining, age-appropriate and scientifically accurate.
4. Science educators, science club advisers and organizations may access the programs and activities of Mad Science to enhance and enrich science education and learning of the schoolchildren.
5. Regional directors, schools division superintendents and school principals are encouraged to support science-related activities relative to the programs of Mad Science.
6. For more information, please contact the Funworks, Inc. at tel. nos. (02) 374-5320 or (02) 374-5399 or 0917-3213377, e-mail: funworks@info.com.ph.
7. Immediate dissemination of this Memorandum is desired.
