If one is inspired, they become more inquisitive, have more open communications, which in turn would lead the students to enthusiastically participate more in the learning process and give encouragement to the teachers.</p> <p>With this, let this year's CAL ICT Summit inspire everybody on how to be motivated with ICT, on how to look for the best solutions, to demonstrate how CAL's advocacy is the step for the future.</p> <p>CAL would like to invite everyone, to show how we are building a stronger foundation for our students, parents and teachers through ICT.</p>
