4th ASIA-PACIFIC EDUCATIONAL ASSESSMENT CONFERENCE
OF THE PRINCIPALS ACADEMY

The Principals Academy announces the 4th Asia-Pacific Educational Assessment Conference (4th APEAC) with the theme Smarter Assessment for Better Learning from September 12 to 13, 2019 in Singapore.

The 4th APEAC aims to:

1. raise the assessment competencies of educators and school leaders who will participate in the conference;
2. broaden their views of educational assessment topics;
3. explore current trends and global best practices in educational assessment; and
4. provide an opportunity to network, connect and exchange ideas from their fellow participants worldwide.

Participants will also discover how renowned institutions and educators have implemented their own successful programmes and find out how to implement them at one's institution. International speakers in educational assessment have been invited to share their knowledge through a series of keynote and spotlight sessions. As an event both diverse and informative, APEAC will serve as an opportunity for educators to network with peers, connect with experienced practitioners, and exchange ideas with professionals from around the world.

Participants to this activity are educators and school leaders committed to quality teaching and learning at every level.
