CHEMICAL ENGINEERING STUDENT SUMMIT 2021 OF THE UNIVERSITY OF THE PHILIPPINES
ACADEMIC LEAGUE OF CHEMICAL ENGINEERING STUDENTS INC.

The University of the Philippines Academic League of Chemical Engineering Students Inc. (UP ALCHEMES Inc.) will conduct the online Chemical Engineering Student Summit 2021 (ChESSPH 2021) from February 20 to 27, 2021.

Since 2008, ChESSPH has served as an avenue for undergraduate chemical engineering students to come together in the name of academic welfare, awareness on current scientific innovations, and service for the Filipino people. ChESSPH 2021 will include the Career Paths Seminar, Corporate Workshop, and the Idea Generation Seminar.

For the first time, ChESSPH will also be expanding its coverage to include senior high school (SHS) students through the SHS Talk tentatively scheduled on February 20, 2021. The SHS Talk aims to

1. give SHS students an idea of the Chemical Engineering (ChE) course and what to expect when one decides to study ChE,
2. present to them a clear picture of the world of academe and research in the ChE field while understanding how professors teach and incorporate ChE knowledge to their life and profession, and
3. provide them with knowledge and awareness of job prospects available for ChE graduates in the industry and help them explore the professional world of ChE.
