EDUCATIONUSA COMMUNITY COLLEGE FAIR

The EducationUSA Office of the US Embassy in the Philippines will host its first virtual United States (U.S.) Community College Fair via Zoom on February 23, 2021, as part of its yearlong effort to build awareness on U.S. community college education.

U.S. community colleges are a cost-effective option for students who want to avail an affordable and international college destination. It provides an opportunity to Filipino students so that they can earn meaningful information and helpful strategies on how they can earn a U.S. college degree in a small, student-friendly setting, while spending half as much money, and then have a guaranteed transfer to a top U.S. university.

This free virtual fair is open to all school administrators and Grades 10 and 12 students who would like to interact with U.S. college representatives, explore college options, and ask for college application tips and strategies.
