NFCC – [(Current assets minus current liabilities) (15)] minus the value of all outstanding or uncompleted portions of the projects under ongoing contracts, including awarded contracts yet to be started, coinciding with the lot or aggregate of lots bid for.

The values of the domestic bidder's current assets and current liabilities shall be based on the latest Audited Financial Statements submitted to the BIR.

For subsequent lots, the formula shall be as follows:

NFCC = [(current assets — current liabilities) x (15)] - [value of all outstanding or uncompleted portions of the projects under ongoing contracts, including awarded contracts yet to be started + value of the prior lot/s bid for]

In case of a joint venture, the NFCC shall be computed based on the Audited Financial Statement of the lead partner who must be of Filipino Nationality, unless it is shown by clear proof that the other partners to the joint venture have infused capital investment to support the operation of the local lead partner to ensure compliance with the obligations under the contracts in this project, in which case the NFCC of the foreign joint venture or the minority partner of the joint venture shall be computed.

For this purpose, the local lead partner shall be that person/organization/company identified in the Joint Venture Agreement or in the Letters of Intent (for potential JV partners) shown to have the controlling stakes in the JV.
