Item No.	Clarification	Response
Raised During Pre-bid Conference		
1	Query whether the suppliers are required to indicate the brand name of their offer.	Bidder has to indicate the name of the brand they offer (if branded), for branded-generics, they should indicate the name of the manufacturer.
2	Query whether the suppliers are allowed to change their offered brand during delivery in case there is no more available stocks.	The technical specifications and offer of the winning bidder form part of the contract. The supplier is duty-bound to comply with the specifications it had indicated in its offer as this forms part of the contract with the Procuring Entity, not to mention that upon which promise or offer, the Procuring Entity based its decision to award the contract.
3	Clarified the vitamins category whether it has to be branded or not (generics).	Accept all offers of branded or branded generics provided that it complies with the specifications.
4	Query whether to submit the Certification of Product Registration (CPR) during bid opening or post-qualification.	The CPR can be submitted during Post-Qualification but may be submitted in advance during Bid- Opening. Non-submission of CPR during Bid- Opening is NOT a ground for disqualification.
5	Query on the submission of samples is required. If it is required, are suppliers allowed to submit it during post-qualification?	Submission of samples will be required during Post-Qualification.
