CALL FOR NOMINATIONS FOR THE SEAMEO INNOTECH SOUTHEAST ASIAN
EDUCATION INNOVATION AWARDS 2021-2022

The SEAMEO INNOTECH announces the Call for Nominations for the Southeast Asian Educational Innovation Award with the theme, “Educational Innovations in the time of COVID-19: Exploring Possibilities to Improve Learning for All”.

The award aims to:

1. honor and give recognition to teachers and school heads in Southeast Asia who made exemplary achievements in introducing and applying innovative practices;
2. seek out and document innovative practices and the context in which these innovations led to the achievement of learning goals and in overcoming limited resources and constraints;
3. highlight examples of effective innovative teaching and learning practices as examples for other education workers; and
4. encourage interaction and cooperation among education workers across the region through the dissemination of the award-winning innovations.

To be eligible for the 2021-2022 Award cycle, nominees should be practicing teachers, school heads, and community education workers. The nominees must be citizens/subjects of SEAMEO Member Countries, may be employed by a government agency, community-based organization, recognized non-government organization, or a partner organization in an education development project. At the final selection stage, the INNOTECH Governing Board may seek endorsement from the Ministry of Education concerned.

The winners are expected to receive a Trophy of Recognition, travel grant to participate in the SEAMEO INNOTECH International Conference and present the award-winning innovation, and study visits in Southeast Asian countries to share ideas and innovative practices with other education workers.

The nominations should reach SEAMEO INNOTECH no later than 5:00 p.m. on August 31, 2021.
