INTERNATIONAL NUCLEAR SCIENCE OLYMPIAD LOGO DESIGN COMPETITION
OF THE INTERNATIONAL ATOMIC ENERGY AGENCY

The Department of Foreign Affairs (DFA), through the Office of United Nations and International Organizations, announces that the International Atomic Energy Agency (IAEA) will hold a logo design competition as part of the newly established International Nuclear Science Olympiad (INSO).

INSO is an annual international science competition for secondary school students. It aims to increase awareness of the peaceful applications of Nuclear Science and Technology.

The INSO logo design competition invites students ages 15–20 who are enrolled in a school within Asia and the Pacific region, to design the logo for the annual competition. Only individual submissions are allowed.

Entries are now accepted through their website, <https://inso.nsteducationcompetition.com>. The deadline for submission of entries is on May 15, 2023, and the announcement of the winning logo is on June 10, 2023. The winning logo will be used on all merchandise, outreach platforms, brochures, medals, among others. The winner will also be invited to the opening ceremony of the pilot INSO event in August 2024.

Detailed guidelines and the application form are provided on their official website.
