JAPAN INTERNATIONAL COOPERATION AGENCY PHILIPPINES
KNOWLEDGE CO-CREATION PROGRAM-YOUNG LEADERS

The Japan International Cooperation Agency (JICA) Philippines is now accepting applications for the Knowledge Co-Creation Program-Young Leaders (KCCP-YL) —Primary/Secondary Education (Education Administration) B. The course period is from July 11 to July 28, 2023, which will be held face to face in Hiroshima, Japan.

The JICA KCCP-YL is a technical cooperation program that promotes human resource development and nation-building in developing countries. Under the program, groups of young leaders who will eventually become nation builders are invited to broaden their horizons by learning new technologies and skills to develop their specialties through experiencing and learning knowledge and skills in Japan, and increase their willingness to resolve issues on their own.

The KCCP-YL aims to

1. learn how the Philippines flexibly responded to the critical learning loss and tried to change to a new form (variability) and in what way it can be restored to its original level of achievement (resilience); and
2. deepen the awareness of the autonomous movement of local education through learning the Japanese way of education, and to develop a new, locally adapted methodology.

The program is designed for the central or local government officers engaged in primary/secondary education administration and faculty members/teachers up to 35 years old. They will learn the Japanese practice of education administration.

Interested applicants may submit the documents through email SilvaJoseph-PP2@jica.go.jp copy furnished RegnimJewel-PP@jica.go.jp on or before June 9, 2023.

More information about the program can be found through the link:
