Columbia Technologies, Inc.	Section VI. Schedule of Requirements	A. List/Description of Goods /Services	A.1 The delivery schedule expressed below stipulates the date of delivery to the project site.	We would like to request the BAC to provide the Allocation List.	See Bid Bulletin No. 2.	Y

Columbia Technologies, Inc.	Section VII. Technical Specifications	Detailed Technical Specifications  Processor	Laptop Class Processor CPU Mark score of 13,500 or higher *based on CPU benchmarking at <a href="https://www.cpubenchmark.net/laptop.html">https://www.cpubenchmark.net/laptop.html</a>	May we request than an actual CPU mark test done during the Physical Evaluation of samples be the basis of the CPU Passmark score (14,500), as this is a more accurate basis compared to the CPU benchmark website. The basis of the said website is only averaging the scores submitted by different users using different laptops with different system configuration but with the same processor model. For accuracy purposes, it would be fair for processor brands to have an actual CPU mark testing using DepEd's actual laptop configuration. Please note that CPU mark test also varies depending on the specifications of the laptop.	DepEd will only accept processors with a score of 14,500 or higher based on the January 5, 2024 PassMark results. There will be no PassMark benchmarking during demo/sample testing.	N
Joneco Tech Marketing Corp. (JTMC)				May we request the basis of CPU benchmarking score will be during Demo/Sample testing as this is more accurate and actual hardware test result compared to the CPU benchmark website.
